

Maybelline

Richie Sambora

I don't need to be a rich man
I don't need to rule the world
All I need is you

Papa told me long ago
If I found someone then I would know
What I was supposed to do
He said hold on 'till you find someone
Now I'm reaching out
It's been a long time coming

We were meant to be together
Far beyond the end of time
Though the world may come between us
Maybelline you'll always be forever mine

I don't need to be a rich man
I don't need to rule the world
All I need is you

Papa told me long ago
If I found someone then I would know
What I was supposed to do
He said hold on 'till you find someone
Now I'm reaching out
It's been a long time coming

We were meant to be together
Far beyond the end of time
Though the world may come between us
Maybelline, you'll always be forever mine

If I have to live without you
In your arms I want to die
In my heart I'll always find you
Maybelline, you'll always be forever mine
Na na na na na na na na
Na na na na na na na na

Remember that the love will never die
Never, ever
I'm going to believe you'll always be forever

We were meant to be together
Far beyond the end of time
Though the world may come between us
Maybelline, you'll always be forever mine

If I have to live without you
In your arms I want to die
In my heart I'll always find you
Maybelline, we'll always be together
You'll always be forever mine
