

You Never Really Know

Richie Sambora

You never really know
You never really know
You make your plan so carefully
But it burns out of control

You never really see
Though you never really see
Something hiding in the shadows
Brings you screaming to your knees

You can hold it in your hands
Think you feel it in your soul
You never really know
You never really know

No...

Who can ever tell?
Who can ever tell?
Will it lead you up to heaven?
Or drag you down to hell?

Won't you hold it in your hands?
Don't ever let it go
You never really know
You never really know

Ooh...

Won't you hold it in your hands?
Don't ever let it go
You never really know
You never really know
