And a khaki suit

Mi nah go stay around streets of kingston  
Dem keep mi mouth pon mute  
I got a strong reggae beat with a mic inna mi hand  
Fi lead yah how di yoths dem outta destruction  
And tell di people they should know  
Right from wrong

We got the strength we got di power  
To help each other up the ladder  
Dont be selfish to help your brothers today  
We can make it if we try  
Just remember to hold you and I  
It doesnt make sense when you fuss and fight

I need a gideon boot  
And a khaki suit  
Fi stand out inna babylon and defend di truth  
Mi nah go stay around and watch babylon  
Dem keep mi mouth pon mute  
I got a strong reggae beat with a mic inna mi hand  
Fi lead yah how di yoths dem outta destruction  
And tell di people they should know  
Right from wrong

Are you believe in love  
Will get a blessing from above  
Are you believe in love  
Are you believe in love  
Will jah blessing from above  
Are you believe in love  
Calling all the leaders of the world today  
And a giving an aid to the people across say  
Got to let the people know  
The right from wrong  
They are depending on you to lead the way  
People just be wise  
Believe in yourself  
The future generation depends on you  
Show a little love in your eyes  
And let the people know there's more to life

I need a gideon boot  
And a khaki suit  
Fi stand out inna babylon and defend di truth  
Mi nah go sit and watch babylon keep mi mouth pon mute  
I got a strong reggae beat with a mic inna mi hand  
Fi lead yah all di yoths dem outta destruction  
And let the people know
