

# Satisfaction

Richie Spice

Let me tell you truthfully  
About this good world and me  
I want peace of mind can't you see  
I'm going to get it somewhere I know it's there for me  
Gonna get love, you know that I will  
Satisfaction won't come until  
Don't you fret, I'll get love yet  
I've got this love within me, just you wait  
I'm in it yet

Let me tell you truthfully  
About this good world and me  
I want peace of mind can't you see  
I'm going to get it somewhere I know it's there for me  
Gonna get love, you know that I will  
Satisfaction won't come until  
Don't you fret, I'll get love yet  
I've got this love within me, just you wait  
I'm in it yet

Let me tell you truthfully  
About this good world and me  
I want peace of mind can't you see  
I'm going to get it somewhere I know it's there for me  
Gonna get love, you know that I will  
Satisfaction won't come until  
Don't you fret, I'll get love yet  
I've got this space within me, just you wait  
I'm in it yet
