Every Corner

Rick Astley

The fear of losing
The fear of losing you
Makes me do stupid things
The fear of wanting
The fear of wanting you too much
Makes me say stupid things

I know
I know the way to keep using the way that I treat you
But I can feel it
I can feel my jealous heart playing tricks on my bones

But I won't turn around
I don't need it
I don't need it
I let it go
I won't make a sound
'Cause I don't need it
I don't need it
I'll just let it go

Yes I love, I love you blind, in every corner of my mind
Yes I love, I love you still, you know I think I always will
Yes I love, I love you blind, in every corner of my mind
In every corner of my mind

I pull you closer
I pull you closer
Till my heart stops feeling stupid things
I hold you tighter
I hold you tighter
Till my brain stops thinking stupid things

I know
I know the way to keep using the way that I treat you
But I can feel it
I can feel my jealous heart playing tricks on my bones

But I won't turn around
I don't need it
I don't need it
I let it go
I won't make a sound
'Cause I don't need it
I don't need it
I'll just let it go

Yes I love, I love you blind, in every corner of my mind
Yes I love, I love you still, you know I think I always will
Yes I love, I love you blind, in every corner of my mind
In every corner of my mind

In every corner of my mind I love you
In every corner of my mind I'm gonna love you
Every corner of my mind, I love you
Every corner of my. every corner of my
Every corner of my mind

Yes I love, I love you blind, in every corner of my mind
Yes I love, I love you still, you know I think I always will
Yes I love, I love you blind, in every corner of my mind
In every corner of my mind
