

Never Knew Love

Rick Astley

Your love is warm as a ray of sun
Touching me when the morning comes
So lucky am I to have you by my side
Forever

Never knew love could feel this way
Never knew love could do this to me
Never knew love could feel this way
Never knew love could do this to me

Thought I had it all in the palm of my hand
Darkness had fallen on me and I didn't quite understand
Then came you you brightened up my days yeah
Forever

Never knew love could feel this way
Never knew love could do this to me
Never knew love could feel this way
Never knew love could do this to me

Oh I know
Never knew love never knew love

Could feel this way
Could do this to me
Could feel this way
Could do this to me
I never knew your love
Could do this to me
Could feel this way

Never knew love could feel this way
Never knew love could do this to me
Never knew love could feel this way
Never knew love could do this to me
(2x)
