

Beyond the Universe

Rick Derringer

We're beyond the universe
Cool sparkling nothing's impossible
We're beyond the universe
All always and anything's probable
I'm nothin'
I'm everything
I'm negative
And I'm positive
Fly me just beyond the flames
Cool sparkling nothing's impossible
Fly me just beyond flames
All always and anything's probable
I'm lonely
I'm passionate
I'm innocent
And I'm guilty
I got hands to touch
I got eyes to see
I got way too much
I got all of me
I got soul that yearns
I got love that bleeds
I got way so much
I got all of me
