

# Don't Ever Say Goodbye

Rick Derringer

Here I go again  
Singing the same old song  
Some folks think it's all been said before

But all I can do  
Is try the best I can  
And hope that you'll listen  
Just once more

Don't ever say goodbye  
I'll love you past the day I die  
Don't ever go away  
I need you more and more each day

I need you around  
Like Leda needs her Swan  
Cause I am only half  
When you're not here, honey

Just a moment for this  
In a sad, sad song  
I'm trying to tell you  
Won't you always be here?

That's why I sing it out!

Don't ever say goodbye  
I'll love you past the day I die  
Don't ever go away  
I need you more and more each day

Don't ever say goodbye  
I'll love you past the day I die  
Don't ever go away  
I need you more and more each day

Don't ever let me down  
Call me I'll always be around  
Don't ever say goodbye  
I'll love you past the day I die

Don't ever say goodbye  
I'll love you past the day I die  
Don't ever go away  
I need you more and more each day
