

1, 2, 3 (You Her And Me)

Rick James

You, Her and Me (2x)

You, Her and Me
You, Her and Me

What's the matter baby?
Don't look so surprised
Forget your rules and regulations, yeah

You can see I wan't her
I won't apologize
So tell me true
What shall we do, girls?

We could be together,
The three of us forever!
My love for you is so strong,
My love for her is unwrong!
It's got to be!
It's got to be, yeah!
What you feel is real real,
Let's get on with this deal

Baby it's no secret,
What I want to do
My heart is torn
Between the two of you

She's moneygirl
Baby so are you
So tell me girls,
What shall we do?

1 is a lonely number
...
Two is just as lonely
When the one you love is gone
Three is free for alimony
Doing ... in harmony
Ménage à trois, The fantasy
Is now becoming Reality

I love you and she loves me
We can be together, 1 2 3
Voulez-vous coucher avec moi
