

# Somebody (The Girl's Got)

Rick James

The girl's really fine  
And she likes me good and plenty  
She gives me love  
Behind my four walls  
At night

She's really hot  
She understands my problems  
She never stops  
Giving me her all and all  
Oh yeah

She's really hot  
She's got somebody  
Oh yeah  
Girl's got a lot  
Mind, body and all  
Hear me talkin' to ya baby?

Girl's really hot  
She's got somebody  
Oh yeah  
She's got a lot  
Mind, body and all

She was in love  
And she was deserted  
He was the fool  
Leaving her all alone  
Oh yeah

I came along  
All her pain that hurted  
I kissed away  
And made  
Her weak heart strong  
Oh yeah

She's a mystery to me  
And the man who set her free  
Was a fool

But that's the way  
The story goes  
When you love  
Nobody follows any rules  
Yeah

She's as sweet as cherry pie  
She's the apple of my eye  
She's my lover

She's got somebody  
Oh baby  
Girl's got somebody  
She's got somebody  
Oh baby

Girl's got somebody  
She's got somebody  
Oh baby  
Girl's got somebody

She's really hot  
She's got somebody  
Oh yeah  
Girl's got a lot  
Mind, body and all  
She's really hot  
She's got somebody  
Oh yeah  
Girl's got a lot  
Mind, body and all  
Somebody
