

# Spend The Night With Me

Rick James

She knew me  
Such a long time ago  
The only thing changed on me  
Was my smile

She said  
"How long before your show  
And can I sit and talk to you for awhile?"  
Oh yeah

She has fire in her eyes  
She had moonlight lips and  
Something strange and tantalizing

Told me  
I could not resist her charms  
Being locked up in her arms  
Baby spend the night with me

Oh baby  
Spend the night with me  
Oh baby

She said  
She came so far to see  
If everything she heard  
About me was true  
Oh yeah

I said "A friend you'll always be"  
Then she said  
"I need something from you"  
Oh baby

She had fire in here eyes  
She had moonlight lips and  
Something strange and tantalizing

Told me  
I could not resist her charms  
I'd be wrapped up in her arms  
Baby spend the night with me

Tonight  
It will be another night for love

Baby, tonight  
It's alright  
Let us share another night for love

Baby, tonight  
It's so tight  
It must be another night for love

Baby, tonight  
It's so tight  
Let us share another night of love

Baby spend the night with me

Oh baby, oh baby  
Baby spend the night with me  
Oh baby

Spend the night with me, baby  
We'll make love for a million years

Spend the night with me, baby  
You'll never cry another tear  
For years and years and years  
And years

Spend the night  
Spend the night with me, baby  
Spend the night  
Spend the night with me, baby
