

# Turn It Out

Rick James

I got a real down girl and she's on my side  
You oughta see her dance with her legs butt wide, yeah  
She doesn't mind if you look, stop and stare  
She doesn't give a damn and she just don't care

I love to see her turn it out  
I love to see her turn it out

I got a real down girl and she's good to me, yeah  
I never have to worry about jealousy, no  
She's a friend and a lover and she's really cool  
You oughta see her dance in my bedroom

I love to see her turn it out, woo  
I love to see her turn it all out, yo...ho

Sex me, funk me music  
Sex me, funk me music  
That's what I adore  
Baby, that's what I adore  
Sex me, funk me music  
Sex me, funk me music  
So what you waiting for?  
Girl, what you waiting for?  
Yeah yeah yeah, get funky  
I'm waiting for you to turn it out  
Turn it out  
Yeah yeah yeah, get funky  
I'm waiting for you to turn it all out  
Turn it out

For three long years I couldn't get a piece, no  
Couldn't wait to hit it when I got released, yeah  
Girl's good, down, and she's on my side  
Lay horizontal with me deep inside

You oughta see me turn it out  
You oughta see me turn it all out

Sex me, funk me music  
Sex me, funk me music  
That's what I adore  
Baby, that's what I adore  
Sex me, funk me music  
Sex me, funk me music  
So what you waiting for?  
Baby, what you waiting for?  
Can I play?

Can I play?  
Dance for me, dance

Yeah yeah yeah, get funky  
I love to see you turn it out  
Turn it out  
Yeah yeah yeah, get funky  
I love to see you turn it all out

Turn it out

Sex me, funk me music  
That's what I adore  
Sex me, funk me music  
So what you waiting for?  
Girl, what you waiting for?

Sex me, funk me music  
Sex me, funk me music, yeah  
That's what I adore  
Girl, that's what I adore, yeah yeah  
Sex me, funk me music  
Sex me, funk me music  
So what you waiting for?  
Come on, tell me what you waiting for, yeah

Sex me, funk me music  
Sex me, funk me music  
That's what I adore  
Now, baby, that's what I adore, yeah  
Sex me, funk me music
