

# Built Different

Rick Ross

Yeah you can take a hit but I'm a different kind of drug  
Diamonds on your neck but I'm a different kind of cut  
One hundred on the dash but baby can you keep it up  
I'm a different kind of drug, a different kind of drug

Big boy Rick Ross (huh)  
Bad chicks is all that I book  
Lil Haiti chain getting took  
Counting money stack it like (huh)  
Big boat talk light yeah  
Real niggas see us like yeah  
Hundred bands watch right there  
Counting money stack it like (huh)

Counting money  
Counting money  
Counting money  
Counting money

Big boys play real game  
Two billion roses make gold chain  
Spent all my time in fast lane  
I'm hood like public domain  
My wild life in black car  
And nice swipe with black card  
Effective label we go hard  
It's new school but real army

Yeah you can take a hit but I'm a different kind of drug  
Diamonds on your neck but I'm a different kind of cut  
One hundred on the dash but baby can you keep it up  
I'm a different kind of drug, a different kind of drug
