She do something strange for a piece of change  
Swallow the whole thang and she don't complain  
I met her in the sto', I was high and had the munchies  
Shawty slid a whole banana down her throat like a monkey  
Had to take her to the spot, and that ass like a donkey  
You know dope dick turn a broke bitch into a junkie  
You know dope dick turn a rich bitch into a fiend  
Had to leave that bitch alone, she was drinking all my lean  
Dripping lipstick slob on my \$1000 jeans  
I ain't know she was this nasty, she not even gagging  
Go and pop a molly, pop a perc, pop a xan  
Then give me blue tooth, that's that head with no hands
