Rick Ross

They asking questions and I heard they even looking for me  
Riding up and down the block, they showing pictures of me  
Stash 100, 000 in my momma china cabinet  
First one with the Rollie with the hundred carets  
I'm a make it work, I'm a make it work  
Diamonds all on my hands, know I make it work  
I'm a make it work, time to make it work  
100 carets in the Rollie, I'm a make it work

Ain't no pressure to a boss, I gotta make it work  
It's the see my niggas flossing, why we do the dirt  
Bet a mili on the Dolphins and you know we lost  
Run in the locker room like it was Set It Off  
Dolphins 75% fuck all the politics  
Better take us to the playoffs so I fuck your bitch  
Shooting dice with all my woes, we at the Superbowl  
I'm like the title, I'm the one these niggas shooting for  
Obama let my niggas go, change all the crack laws  
When movie come on boy, we rebuilding the match box  
On my knees at night, praying all my niggas safe  
Ask God bless a nigga with a bigger safe  
Blue cheese got it dripping out the shoebox  
Take off my shirt and show my abs like I'm 2Pac  
I show my abs like I'm 2Pac  
Take off my shirt and show my abs like I'm 2Pac

Pulled up in Miami and told you niggas I'm a do it big  
Hundred rooms, still adding on to my crib  
Everybody take a loss, I gotta make it work  
I done see niggas have to tuck in they shirt  
I got the... my nigga I'm bout to flip again  
Hundred mil off shore accounts and start over again  
I blow the dice, drop the diamonds, and just let em roll  
Got her heart beating fast but we fucking slow  
Crippling every major city, keep it to yourself  
Young nigga wealth  
Get me a motor with no trannie, I'm a make it work  
Watch me pull up in a Caddy  
It's a cold game, it's why we pull the minks on  
Black market so we gotta... home  
I'm on a different thing let these niggas sing more  
The pinky ring, the diamond watch, the shit you on

It's double M nigga, it's double M  
Rich niggas, rich niggas, rich niggas  
Make it work  
Know Miami bitches make it work  
Bitches bout to make it work  
New York city in this bitch... make it work
