

# Inside Silvia

**Rick Springfield**

I love that look comes in your eyes when we're all alone  
And it's much too late for friends to come calling  
I disconnect the phone  
And I put on the radio and I take her and I talk real low  
And I hold her tight and soon I'm dancing in the night

Inside Silvia, oh Silvia, yeah, yeah, Silvia  
I know my love is alive  
Inside Silvia, yeah Silvia, oh Silvia, oh

Sometimes you get so crazy and I know it's all in your mind  
And right in the middle of the night, I see just what you need  
And they say that love is blind  
And I hold you till the feelings come  
But sometimes when the lovin's done I see the scared little girl  
Afraid of the woman

Inside Silvia, oh Silvia, yeah, yeah, Silvia  
I know my love is alive  
Inside Silvia, yeah Silvia, oh Silvia, oh

Though the world may rage and storm  
There's still one harbor where I'm safe and warm

It's when I'm Inside Silvia, yeah Silvia, oh Silvia, oh  
Inside Silvia, oh Silvia, yeah, yeah, Silvia  
I know my love is alive  
Inside Silvia, yeah Silvia, oh Silvia, oh
