

# Jessica

Rick Springfield

When you walked into the room looking like Jean Harlow  
Oh Jessie, everyone looked at you, you're a lady  
Though I know that you've been around the world  
Maybe two or three times in your daddy's pocket  
I'm gonna break that rich-bitch thing with you

Oh, Jessica, you're a lady  
If it takes all night you're gonna be nice  
Oh, Jessica, I think lady  
That sold, hard front could melt like ice  
Jessica, Jessica, Jessica, Jessica  
Cold like a killer's eyes  
Stay with me Jessica

You're a lady of the world, you've been to Paris and London  
But Jessie, it doesn't mean a thing to you when you're lonely  
Though you'd have to have a heart of stone  
to put me on my knees  
I know you ain't got it  
I'm gonna get to you no matter what you do

Oh, Jessica, you're a lady  
If it takes all night you're gonna be nice  
Oh, Jessica, I think lady  
That sold, hard front could melt like ice  
Jessica, Jessica, Jessica, Jessica  
Cold like a killer's eyes  
Stay with me Jessica

Jessica, you're a lady  
Jessica, you're a lady  
Jessica, Jessica, oh  
Jessica, you're a lady  
Take me home in your big black car  
Oh Jessica, I think lady  
You're not as hard as they think you are

Jessica, Jessica, Jessica, Jessica  
Fire up your cold heart  
And stay with me, Jessica  
Stay with me, Jessica  
Stay with me, Jessica  
Jessica, you're a lady  
Jessica, you're a lady  
Jessica, Jessica
