

## No Name

Rick Wakeman

I know I'm asking a lot  
Forgive my persistence  
But I want what I haven't got  
Proof of my existence  
Look up - what do I see  
Mankind looking like me  
And I know it's not because I am  
mankind's hero  
At times it's good to hide  
Get swept along with the tide  
But I've suddenly seen that I'm one big zero  
No name - tell me, who am I?  
what's my name?  
what's my name?
