

Clouds

Ricki-Lee

Oh, yeah
Ooh

I'm lyin' here with my glasses on
I'm tryna write another song
Don't know what to write about
What's taking me so long?
Why can't I think of anything to say?
Haven't thought of anything all-day
All I need is to be inspired
And it'll write itself

So I'll put my feet up
And take my jacket off
Let the sun shine through my soul
And let the words out
Oh-oh, oh-oh-oh-oh

Clouds in a clear blue sky
Little bluebird dropping by
Sunlight upon my skin
Don't know how long it's been
Cool breezes all day long
Inspiration is what it is
And it is
Like clouds in a clear blue sky
(Like clouds in a clear blue sky)

All the things that are going on
Right here and all around the world
You can't let it get the best of you
Or bring you down
All you gotta do is look outside and
Just appreciate the things in life
The things around you are so beautiful
You gotta take a look

Just put your feet up
And put your cares down
Forget the troubles in the world
And look around you
Hey, yeah

Clouds in a clear blue sky
Little bluebird dropping by
Sunlight upon my skin
Don't know how long it's been (Yeah)
Cool breezes all day long
Inspiration is what it is
And it is
Like clouds in a clear blue sky

And the words
To this song (To this song)
Came like clouds (Came like clouds)
Now they're gone
You can make

Up your own
Its so easy to do if you just look around
Let me show you
How

Clouds in a clear blue sky
Little bluebird dropping by
Sunlight upon my skin
Don't know how long it's been
Cool breezes all day long
Inspiration is what it is
And it is
Like clouds in a clear blue sky
Clouds in a clear blue sky
Little bluebird dropping by
Sunlight upon my skin
Don't know how long it's been (Oh)
Cool breezes all day long
Inspiration is what it is
And it is
Like clouds in a clear blue sky
Clouds in a clear blue sky
Little bluebird dropping by
Sunlight upon my skin
Don't know how long it's been
Cool breezes all day long
Inspiration is what it is
And it is
Like clouds in a clear blue sky
Clouds in a clear blue sky
Little bluebird dropping by
Sunlight upon my skin
Don't know how long it's been
