

Ghost

Ricki-Lee

So tell me what you came here for?
When it got harder you were gone
And I don't know you anymore

You, never said goodbye
Never told me why...
Swallowing my pride tastes so bitter
Cos you always had the best of me
And now you're too busy ghosting me, oh
And all you wanna do is haunt me forever!

I feel you over my shoulder
See you round every corner
I hear you telling me what I need to hear
But you're not here you're gone
You're like a Ghost
And all you wanna do is haunt me forever!
I tried to forget it, but my heart just won't let it
Those lies you believed them over me
And that's what hurts the most
You're like a Ghost

And I'm not saying it's your fault
Cos I kept coming back for more
Guess I just can't give up the ghost

You, never said goodbye
Never told me why...
Swallowing my pride tastes so bitter
Cos you always had the best of me
And now you're too busy ghosting me, oh
And all you wanna do is haunt me forever!

I feel you over my shoulder
See you round every corner
I hear you telling me what I need to hear
But you're not here you're gone
You're like a Ghost
And all you wanna do is haunt me forever!
I tried to forget it, but my heart just won't let it
Those lies you believed them over me
And that's what hurts the most
You're like a Ghost

All you wanna do is haunt me forever!
Oh, you're gone, you're like a Ghost
All you wanna do is haunt me forever!
