

In The Mood

Ricki-Lee

Come on get up
That's right let's get it on
Can you feel the love tonight
'Cause when the stars align shining so bright
Oh this is what it feels like

'Cause I'm all dressed up, can't fight this feeling
I can't get enough, don't need a reason
Making love tonight, palms to the sky
'Cause I'm in the mood tonight (hey!)
In the mood tonight (hey!)
In the mood tonight

So hit the lights, it's time
Enjoy the ride, I'mma rock your world tonight
Come on let's roll, the dice
Just take a chance, 'cause tonight it's do or die

'Cause I'm all dressed up, can't fight this feeling
I can't get enough, don't need a reason
Making love tonight, palms to the sky
'Cause I'm in the mood tonight (hey!)
In the mood tonight (hey!)
In the mood tonight

It's in the air tonight
I've got that feeling alright
I'm in the mood, come on, let's celebrate
We're making love tonight
Having the time of my life
Seize the moment, don't let it slip away

'Cause I'm all dressed up, can't fight this feeling
I can't get enough, don't need a reason
Making love tonight, palms to the sky
'Cause I'm in the mood tonight (hey!)
In the mood tonight (hey!)
I'm in the mood tonight
Making love tonight, palms to the sky
'Cause I'm in the mood tonight
I'm in the mood tonight, come on, let's go!
'Cause I'm in the mood tonight
I'm in the mood tonight
Making love tonight, palms to the sky
'Cause I'm in the mood tonight (hey!)
