

Magic

Ricki-Lee

(Magic, magic)

I can't wait no, won't hold back
So ready for, so ready for this
Longing for ya, getting closer
I feel it comin', I'm ready for it

Cause we got all night, we're shining so bright
We'll light up the sky, it's just you and I
I swear it's in the air tonight
So give me the green light ooh ooh ooh

It's gonna feel so good
Cause I been waiting so long
Now don't it feel so good?
Cause we been waiting so long
Yeah I love it when we're dancin'
Oh we're making magic (magic, magic)
So can you feel it? Cause I can feel it
Yeah I love it when we're dancin'
Oh we're making magic (magic, magic)

Arms wide open, my emotions coming back
Oh there coming back
Where we're goin', baby there's no holding back
Oh no holding back

Cause we got all night, we're shining so bright
We'll light up the sky, it's just you and I
I swear it's in the air tonight
So give me the green light ooh ooh ooh

It's gonna feel so good
Cause I been waiting so long
Now don't it feel so good?
Cause we been waiting so long
Yeah I love it when we're dancin'
Oh we're making magic (magic, magic)
So can you feel it? Cause I can feel it
Yeah I love it when we're dancin'
Oh we're making magic (magic, magic)

Don't it feel so good?
I swear it's in the air tonight
So give me the green light ooh ooh ooh yeah

It's gonna feel so good
Cause I been waiting so long
Now don't it feel so good?
Cause we been waiting so long
Yeah I love it when we're dancin'
Oh we're making magic (magic, magic)
So can you feel it? Cause I can feel it
Yeah I love it when we're dancin'
Oh we're making magic (magic)

Magic!
