

On My Own

Ricki-Lee

It's me against the world
But it's all I've ever known
It's just a state of mind
But I learned how to survive

I found sparks in the darkest places
So watch me start a fire in the rain

I'm not afraid to walk alone
I walk alone I walk alone
These fields of gold
These fields of gold
I'll find alone
I'm not afraid to lose it all
I'm not afraid to walk alone
I'm gonna find these fields of gold
On my own

Standing toe to toe
I'm so much stronger than you know
With nowhere left to go
I'm better with my back against the ropes

I found sparks in the darkest places
So watch me start a fire in the rain

I'm not afraid to walk alone
I walk alone I walk alone
These fields of gold
These fields of gold
I'll find alone
I'm not afraid to lose it all
I'm not afraid to walk alone
I'm gonna find these fields of gold
On my own

I don't wanna wait
Wanna wait for tomorrow, no
I, I know in my heart
That's what I'm gonna follow

I'm not afraid to walk alone
I walk alone I walk alone
These fields of gold
These fields of gold
I'll find alone
I'm not afraid to lose it all
I'm not afraid to walk alone
I'll find these fields of gold
On my own
Watch me start a fire in the rain
I'm not afraid to lose it all
I'm not afraid to walk alone
I'm gonna find these fields of gold
On my own
