

# Until We Drop

Ricki-Lee

Count me in, come on, what you're waiting for?  
Now it's started, ain't no way we're gonna stop

Crazy like the world is ending  
Like we'll never see the light of day  
So count me in, I'm with you, we're never coming down again  
We're never coming down

I just can't stop stop  
I just can't stop (oh oh)  
I just can't stop stop  
I just can't stop (oh oh)  
I just can't stop stop  
I just can't stop (oh oh)  
I just can't stop stop  
(Until we drop)  
(Until we drop)

We ain't gonna stop for no-one  
This time I won't look back again  
We ain't gonna stop for no-one  
Just put your hands up to the sky

We ain't gonna stop for no-one  
This time I won't look back again  
We ain't gonna stop for no-one  
Just put your hands up to the sky

Comin' closer, closer to the edge tonight  
I gotta feel ya, feel ya moving deep inside

Crazy like the world is ending  
Like we'll never see the light of day  
So count me in, I'm with you, we're never coming down again  
We're never coming down

I just can't stop stop  
I just can't stop (oh oh)  
I just can't stop stop  
I just can't stop (oh oh)  
I just can't stop stop  
I just can't stop (oh oh)  
I just can't stop stop  
(Until we drop)  
(Until we drop)

We ain't gonna stop for no-one  
This time I won't look back again  
We ain't gonna stop for no-one  
Just put your hands up to the sky

We ain't gonna stop for no-one  
This time I won't look back again  
We ain't gonna stop for no-one  
Just put your hands up to the sky

Put your hands up to the sky

Put your hands up to the sky  
Put your hands up to the sky  
(Until we drop)
