

## Blinded by the Hunt

Rickie Lee Jones

I know where I'm going  
Because I been there before  
Floating in the sun  
Laying on the shore  
I caught a beautiful wave  
I came in all the way  
Please, help me climb on  
Again, yeah

Sometimes I tell myself  
It doesn't matter to me  
If I live in chains  
Or if I fight to be free  
I been out here so long  
That I don't know anymore  
I get lost just  
Walking out the door, yeah

Cuz I'm blinded by the hunt  
Cuz I'm blinded by the hunt  
Cuz I'm blinded by the hunt  
I am blinded by the hunt

Well, I can't go back  
And I'll never stop  
There's just one way left for me  
To find a little peace

And I know what I want  
At least I tell myself  
To set my heart on fire  
With the love of someone else  
Then why do ya run?  
You want to take good care of each other  
Reaching out your hand  
So touch me if you can, yeah yeah

Cuz I'm blinded by the hunt  
Cuz I'm blinded by the hunt  
Blinded by the hunt...
