Ghostyhead

Rickie Lee Jones

Ghostyhead, ghostyhead, standing in the door You think if you don't answer I can't hear you anymore Chains you hung from ear to ear

Finally drug your head But I can see through anything I know what you bled Ghostyhead, ghostyhead, you think that I can't see

The shadow of another girl Each time you look at me People came from far away to watch us drop you in But ghostyhead the crowd is gone

Come back up again Ghostyhead, ghostyhead Come out on the porch There's a serpent caught in a fisher's net

Virgins light the torch 'Cause who this night would not stay warm By any light they could? You just eat your bread and cake

And tell them it was good
