

This Moment

Ricky Blaze

Ooh
Ooh yeah

Why you want to move your hips like that
Why you want to break your waist like that
Your body is tempting and controlling
Why you want to move your hips like that
Why you want to break your waist like that
You got me caught up in this moment

Don't stop like a car sign
Wine on my pole line
I can take you all night
I want you all night
Round and round like hula hoops
I'm attracted to your moves
You see me looking so you know what to do

Why you want to move your hips like that
Why you want to break your waist like that
Your body is tempting and controlling
Why you want to move your hips like that
Why you want to break your waist like that
You got me caught up in this moment

Ooh yeah
Why you-a-move so bad
See your body can do
Good (good good) good good
Make me say
Just wine up your waist and
Shove cruise it up pon me
Don't tell me how you can dance
Better you say you nah give me no chance
Gimme some nuh
Stop gwan so baby
How you wining so good
Put me in the mood
Oh my God
Me-ah-behave myself because you a go mek me so...

Why you want to move your hips like that
Why you want to break your waist like that
Your body is tempting and controlling
Why you want to move your hips like that
Why you want to break your waist like that
You got me caught up in this moment
