

Beat

Ricky Dillon

Can you hear me now?
Can you feel me now?
Beat makes me wanna get loud
Like a heartbeat, boom boomin'
808's run through my system

I want you to move with this
You know you just can't resist
Enter this trance, come on and dance now
Come on and let your body in tune with me
Come and get close to me
Follow my lead imma show you how
Listen to the drums go hard
Like a marching band
Repeating every step, every sound, every word

Bass comes in like pum, pum, pum, pum
Trumpets go up like pum, pum, pum, pum
Harmony's in like pum, pum, pum, pum
Everybody sing loud, pum, pum, pum, pum

And it goes like
Gonna beat my drum like pa rum, pum, pum, pum

Everybody now, move your body now
Yell loud as soon as the bass drops
So get moving, zoom zooming
Is it in you like it's in me?

I want you to move with this
You know you just can't resist
Enter this trance, come on and dance now
Come on and let your body in tune with me
Come and get close to me
Follow my lead imma show you how
Listen to the drums go hard
Like a marching band
Repeating every step, every sound, every word

And it goes like
Gonna beat my drum like pa rum, pum, pum, pum x2

Listen to the drums go hard
Like a marching band
Repeating every step, every sound, every word
Now stomp your feet onto the beat
Now clap your hands and beat your chest
Like we the best, now everybody yell loud
Into the crowd, when the beat goes, pum, pum, pum, pum

And it goes like
Gonna beat my drum like pa rum, pum, pum, pum
Gonna beat my drum like pa rum, pum, pum, pum
