

Really Don't Care

Ricky Dillon

You wanna play, you wanna stay, you wanna have it all
You started messin' with my head until I hit a wall
Maybe I should have known
Maybe I should have known
That you would walk, you would walk out the door
(Hey!)

Said we were done and met someone and rubbed it in my face
Cut to the part she broke your heart
And then she ran away
I guess you should have known
I guess you should have known
That I would talk, I would talk

But even if the stars and moon collide
I never want you back into my life
You can take your words and all your lies
Oh! Oh! Oh! I really don't care
Even if the stars and moon collide
I never want you back into my life
You can take your words and all your lies
Oh! Oh! Oh! I really don't care
Oh! Oh! Oh! I really don't care

I really don't care

I can't believe I ever stayed up writing songs about
you
You don't deserve to know the way I used to think about you
Oh no not anymore
Oh no not anymore
You had your shot, had your shot, but you let go

Now if we meet out on the street I won't be running scared
I'll walk right up to you and put one finger in the air
And make you understand
And make you understand
You had your chance, had your chance

But even if the stars and moon collide
I never want you back into my life
You can take your words and all your lies
Oh! Oh! Oh! I really don't care
Even if the stars and moon collide
I never want you back into my life
You can take your words and all your lies
Oh! Oh! Oh! I really don't care
Oh! Oh! Oh! I really don't care

But even if the stars and moon collide
I never want you back into my life
You can take your words and all your lies
Oh! Oh! Oh! I really don't care
Oh! Oh! Oh! (4x)
I really don't care
I really don't care...
