

# Helpless

**Ricky Nelson**

Helpless, that's what I'd be without your lips  
And your arms to hold me tight  
Helpless, that's what I'd be without that dream  
Of you with me every night

I'd feel so weak inside when you're not around  
But when you're near I'd feel like I could tie the whole world  
down  
Helpless, oh can't you see that I'd be helpless  
Without you here with me

I'd feel so weak inside when you're not around  
But when you're near I'd feel like I could tie the whole world  
down  
Helpless, oh won't you see that I'd be helpless  
Without you here with me
