

# Peddler Man

Ricky Nelson

I'm the peddler man  
Selling what I can  
I travel over the land  
Cause I'm the Peddler Man

I got a special on Broken Dreams  
Patch them up and they're good as new  
Just put them under your pillow  
And watch them come true

Let me show you these rainbows  
Freshly picked from a crying sky  
And if you follow them to the end  
You'll find a love by and by

I'm the peddler man  
Selling what I can  
I travel over the land  
Cause I'm the Peddler Man

I'm closing out on my wedding rings  
They're kinda tarnished but they'll do fine  
Just put them on the right finger  
And then watch them shine

I'm really pushing these lonely hearts  
All they need is a little love  
They were made by an angel's hands  
In the heaven above

I'm the peddler man  
Selling what I can  
I travel over the land  
Cause I'm the Peddler Man

I got some tickets for a second chance  
Some pennies for a wishing well  
I got a star from the milky way  
I picked it up where it fell

Everything that I have to sell  
Has a life time guarantee  
So let me leave you my calling card  
Cause you'll be calling on me

I'm the peddler man  
Selling what I can  
I travel over the land  
Cause I'm the Peddler Man

Yes I'm the peddler man  
Selling what I can  
I travel over the land  
The lonely Peddler Man
