

Baby, Take a Picture

Ricky Van Shelton

Baby, take a picture, it'll last a lot longer
Than the sweet love I thought that we were in
Come tomorrow morning, I'll be gone then
So you better take a picture if you ever want to see me again

Here's a little Old Spice, you can put it on your pillow
In the spot where I used to lay my head
Maybe you could hold it while you're dreamin'
From now on, that's as close as you'll get

Baby, take a picture, it'll last a lot longer
Than the sweet love I thought that we were in
Come tomorrow morning, I'll be gone then
So you better take a picture if you ever want to see me again

If you ever wake up crying, longing to say how wrong you've been
If it makes you feel better you can write it in a letter
And you can read it to my old eight-by-ten
So you better take a picture if you ever want to see me again
Yeah, you better take a picture if you ever want to see me again
