

Metropolis

Rico Blanco

Big city close your eyes
Your pretty lights that turns like fireflies
Illuminate the starry sky
The gentle wind blows
Through it I send a hymn
A simple melody
To keep you close to me

Sweet, sweet dreams
Sleep tight, good night
Sweet, sweet dreams
Sleep tight, good night

I'm beating in your heart
A little drum
A little song
That's playing on repeat
Until we're in each others' arms again
But until then
I offer you a lullaby
To cross the miles
And kiss you into sleep

Sweet, sweet dreams
Sleep tight, good night
Sweet, sweet dreams
Sleep tight, good night

We'll be together when we close our eyes
We'll be together when we close our eyes
We'll be together
We'll be together in our

Sweet, sweet dreams
Sleep tight, good night
Sweet, sweet dreams
Sleep tight, good night

We'll be together when we close our eyes
We'll be together when we close our eyes
