First time I saw you I knew, yeah-yeah  
First time we locked eyes I knew

Like yeah, first time I saw you  
I knew he gon' be my boo  
Got designer on his shoes  
He's so cute  
Watching how he move, he a boss nigga  
And he always leggin, I think I love this nigga  
I keep stalking him on twitter  
If he ever liked a picture  
I'ma get him, I'ma bag him  
I'ma grab his ass up  
And if he got a bitch I don't really give a fuck  
I always get what I want, yeah-yeah, oh  
I think that he's a trap star cause he always got the dope  
But he might play football, baby boy built like the Hulk  
He might be a rapper, I don't know  
I gotta know, I wanna know

First time I saw you I knew, yeah-yeah  
First time we locked eyes I knew

Yeah who the fuck is that?  
I gotta have her  
Scrolling down my timeline like I gotta bag her  
She tweeted "what he waiting for?" I know the reason  
She favorite one more picture and I'm diving in them DMs  
I hate a bougie bitch and shawty savage  
She might just make me chase her but I know she worth the challenge  
I don't know a nigga here so I know them [?] ain't damage  
I don't know she mixed with Spanish  
Let a real nigga handle  
Like Drake I'm tryna make you my go to  
Girl it's so much I can show you  
I know that I don't really know you  
But that's bout to change like a toll booth  
When you mine I won't say that I told you  
Hoes on my line, gotta give 'em the boot  
I'ma make 'em real comfortable like sweat suits  
Try and give you [?] I won't stress you, damn

First time I saw you I knew, yeah-yeah  
First time we locked eyes I knew  
First time I saw you I knew, yeah-yeah  
First time we locked eyes I knew
