

Rico, yeah, Rico, haha  
Yeah, yeah, yeah

Yeah I got bitches on my dick and I ain't even got a dick  
Yeah I know I get 'em sick, also your nigga on my hip  
This money in a Gucci clip, you know that I don't never trip  
Just came back from another trip, no acrobat, I make it flip  
Bitch I got a family, everybody gotta eat  
So keep that shit in mind, when you thinkin' about tryin' me  
I know what I'm doin, you ain't gotta keep a eye on me  
I be countin' money like how they be countin' calories  
I got her mad at me, 21, make 20 thousand a show  
That's your salary, smokin' green like celery  
You can't get the best of me, these white people invest in me  
You know I got the recipe, worst nightmare and your biggest fuckin' enemy

If you feelin' like a boss bitch, gon'  
Go to the club, leave that nigga at home  
If you got your own shit you ain't ever gotta listen to him girl  
Niggaggas be hatin' on bitches  
You know these niggaggas be hatin' on bitches  
You know these niggaggas be hatin' on bitches  
If you got your own shit you ain't ever gotta listen to him girl

I'm the one with the sauce and that's so easy to see  
I got 'em in the house wonderin' how it's easy for me  
I went from one bedroom apartments in the trenches  
To wakin' up and it's Versace all on my pillows, I just don't get it  
Just got a quarter million dollar check, I work like I get it  
I just got my first crib, it's stainless steel in the kitchen  
I be playing with them bags even though that it ain't Christmas  
I'm just speakin' straight facts and I hope that you listen  
I'm like a star in the sky, they wishin' on me to finish  
I knew the money would come to me 'cause my palms kept on itchin'  
I knew that bitches was rough on me when I pulled up on bitches  
But it's okay 'cause I know their game and I played my position

If you feelin' like a boss bitch, gon'  
Go to the club, leave that nigga at home  
If you got your own shit you ain't ever gotta listen to him girl  
Niggaggas be hatin' on bitches  
You know these niggaggas be hatin' on bitches
