

Intrusive

I am nonchalant to the bullshit (Yeah)
Yes, all of my thoughts are intrusive
So, don't make me do it
Heads roll, bodies rock
Get her a new body from the body shop
Keep actin' cute and get your body chopped
We took some shrooms and went out to a party (Party)
Had to calm the trip so I took a bit of Molly (Molly)
Eyes blasted, throat cut
Skinny bitch, no butt
I'm only here to smoke more blunts
And spit on racist cunts

(Mom, if you hear this, I'm sorry)
I like puttin' on my makeup
Ready to slash throats
Chokin' bitches out
With spiked chains and rope
She said, "Rico, what do I do?" I said, "Blow"
Smellin' like weed and perfume, that good dope
You can get head like a Lucy and get smoked
Black punk rockstar, b..., oh, my God

You bitches suck
(We interrupt this broadcast)
That's it, you bitches suck

When I speak, I give 'em gems
Cut him off, I took his limbs
Peanut butter seats in a new BM
Told her, "Fuck off, bitch, we cannot be friends"
When it come to a man (Ew), I could never depend
Bitch, gon' drown jumpin' in the deep end, I ain't see shit
I'm your favorite rapper, favorite rapper, know you peeped it
You can keep your compliments, my confidence don't need it
Took my flow and used it wrong, you might as well just keep it

You bitches suck
(We interrupt this broadcast)
That's it, you bitches suck

That's it
