

Magic

Rico Nasty

I can make you feel the magic, fantastic (Yeah)
Niggas can't get this, can't have it
You can get it all 'cause I give it all (Ooh-ah)
If I'm feelin' down, you won't let me fall (Ooh-ah)
No matter where I'm at, you know you can call (Yeah)
No matter what you did, you can't piss me off
Uh-oh, not at all, all (All, all)
No, not at all, all, all, all

I've been through a lot, know I reflected on you
Knew that when they [?] what more could I want from you?
I need you by my side, you always know what to do
Get me out of my mood and show me improve
This ain't nothin' that I had before unless it's déjà vu
And I knew you in the past life that I had before
Reminiscin' the feelings of when you turned me on
Never trippin' on issues 'cause we could fix 'em all
It was hard tryna love but I learned it, though
Give you all of my trust 'cause you earned it all
I know you feel the sparks
Goin' on and on and on and on and ohh

I can make you feel the magic, fantastic (Yeah)
Niggas can't get this, can't have it
You can get it all 'cause I give it all (Ooh-ah)

No matter what you did, you can't piss me off

I be busy but I like to spend my time with you (Oh yeah)
Life is what you make it, I wanna spend mine with you (Oh yeah)
Stamped passports, foreign dashboards
Buy you gifts that you ain't asked for, that's why you get more
I know that it's people wishin' bad on us (Bad on us)
I get to see the side you don't show no one (Show no one)
But I'm glad to know it (Know it), you get me so wet (So wet)
Keep it going, you always keep me up
When I get low (Low, low, low)
Ain't no question, you let me know (Know, know, know)
Time and time again, you let it show (Show, show, show)
I don't never ever gotta look for love no more

I can make you feel the magic, fantastic (Yeah)
