Rico Nasty

R-R-Riding in a white vet, black rims, Oreo
Why they don't like me? Ask them, I don't know
Is it cause they can't come close? Shit, probably so
If you ain't gon' do nothing then let it go
R-R-Riding in a white vet, black rims, Oreo
Why they don't like me? Ask them, I don't know
Is it cause they can't come close? Shit, probably so
If you ain't gon' do nothing then let it go

Let it go, let it go, I'm smoking on medical
They watch me through a telescope, Fendi on me had to tote
A lot of bitches try to do it, but I do it better though
I don't gotta prove shit, because they already know
Pull then we welt 'em go, take a leap Geronimo
Light 'em up, knock 'em down, these bitches look like dominos
They faking like the real thing, they remind me of Sweet and Low
I hustle like a ball player, fast break, coast to coast, woah!

R-R-Riding in a white vet, black rims, Oreo

I-I-I just shipped a pound off, no exercise, I'm losing weight
I ain't gonna argue with you, this shit ain't no debate
I could see it in her face, mad 'cause I'm in first place
We could get it in, any day, anytime, any place
How you feel Rico? Bitch I feel great! Huh?
I see you getting money, oh my god, bitch you're so late
It's like a sixth sense, I can tell when a bitch fake
I-I-I mind my own business I don't know why these hoes hate
Stop asking for a hand out, go and get your own plate
Before you cross a bad bitch, boy you better look both ways
Riding in that big body and it's taking up both lanes
Got a bad bitch, and you know she go both ways
You can catch me
