

I Want You To Know

Riddlin' Kids

I see you all the time
I can't go anywhere
Without you walking by me
And I think
I must have lost my mind
Cause a coincidence
Could never happen every single day

I'll be leaving out of town on Tuesday
I'll be leaving but I wish I could stay
And I only wish I had the nerve to say

I want you to know
However things may go
That you are always on my mind
It doesn't matter where I'm at
I want you to say
That you feel the same way
Cause I know I see you sometime
You know I never have come back

I wonder if you think
About me like I think about you
Right before I go to sleep
It's obvious to me
That this is fate
I know every time I see you on the street

I'll be leaving out of town on Tuesday
I'll be leaving but I wish I could stay
And I only wish I had the nerve to say

I want you to know
However things may go
That you are always on my mind
It doesn't matter where I'm at
I want you to say
That you feel the same way
Cause I know I see you sometime
You know I never have come back

Time to say goodbye for now
I don't want to say goodbye for now
Wish I could stay
But it's time to say goodbye
Goodbye

I'll be leaving out of town on Tuesday
I'll be leaving but I wish I could stay
And I only wish I had the nerve to say

I want you to know
However things may go
That you are always on my mind
It doesn't matter where I'm at
I want you to say
That you feel the same way

Cause I know I see you sometime
You know I never have come back
