

15 Minutes

Ride

Once in a lifetime
You do something
So totally fucked
That it changes everything
And now you've got to live with it
But you never live it down
And it hounds you to the ground
Yeah, it hounds you to the ground

This was your fifteen minutes
Hope you had fun now
Have a nice life, yeah
You're basically done now

Karma is a killer
Regret can really nail you too
But nothing you can do or say
Can fix this for you
Sorry to say it
But you can't go back in time
This is your life now
Until the end of the line
Forever unforgiven
A cure will not be found
As it hounds you to the ground
Yeah it hounds you to the ground

This was your fifteen minutes
Hope you had fun now
Have a nice life, yeah
You're basically done now
Fifteen minutes
Hope you had fun now
Have a nice life, yeah
You're basically done now

You're done now
You're done now
You're done now
You're done now
You're done now
You're done now
You're done now
You're done now
