

Decay

Ride

We have short time to stay, our night is slipping far away
Caught up within bad memories, our growth seems certain to decay

Now this feeling's so alive
But, as you or anything, we die
We die, we die

Let's stay here for a while, eyes so round and bright we gently
smile
Live for the moment, not the past, why do we always fall so fast?

Now this feeling's so alive
But, as you or anything, we die
We die, we die, we die, we die

We die, we die, we die, we die
We die, we die, we die
