

# Monaco

## Ride

This hope or despair, who devised all this torment?  
Who's ringing in the backward bell?  
Peripheral vision rise up all lain dormant  
Fight before your strength is frail

If this is being (Can you feel it?)  
It's no Creation that I know  
If this is fear (Can you hear it?)  
It's time to go, to make your bones  
Over the edge we go  
(Can you hear it?)  
This pressure, this pressure  
(Can you feel it?)  
Is this the life I own?

Into the no mind of momentary liberation  
Broken by these pills prescriptions for relief  
Broken by this country we get smashed into pieces  
Better take these pills 'cause everything's for sale

If this is being (Can you feel it?)  
It's no Creation that I know  
If this is fear (Can you hear it?)  
It's time to go, to make your bones  
Over the edge we go  
(Can you hear it?)  
This pressure, this pressure  
(Can you feel it?)  
Is this the life I own?

If they go  
We burn Monaco  
If they go  
We burn Monaco

If they go (Is this all I own?)  
We burn Monaco  
If they go (Is this all I own?)  
We burn Monaco

If this is being (Can you feel it?)  
It's no Creation that I know  
If this is fear (Can you hear it?)  
It's time to go, to make your bones  
Over the edge we go  
(Can you hear it?)  
This pressure, this pressure  
(Can you feel it?)  
Is this the life I own?

Is this the life I own?  
Is this the life I own?  
Is this the life I own?
