

## Stay Free

Ride

Stay free, stay free, if you can  
Stay free, stay golden  
Stay free, turn away from the darkness surrounding you  
Stay free, stay awake, and don't surrender, don't surrender

Stay free, stay golden, if you can  
Turn away from the darkness  
Surrender to the light  
Stay free, if you can  
If you can, stay free, stay golden  
Turn away from the darkness  
Surrender

And now dream on  
Hear me, my time  
Night time, every time  
Tongue tied in a lucid dream  
In a lucid dream

Stay free, stay golden  
When your time has come  
When your time has come  
Stay gold  
Stay away from the darkness  
Turn away from the darkness
