

# Time Machine

Ride

Waste no more energy  
No more time  
Step into the time machine  
Aboard this flight

Time to go  
It's sad that you're not here  
To open up your eyes and...  
Watch me disappear

Carried away  
Imaginations are running wild

Losing control  
I'm landing back in this year  
Did I ever move?  
Did I disappear?  
If I could move through time  
I'd go back and put it right
