

Yesterday Is Just A Song

Ride

We don't have to think about tomorrow
On those days when everything feels wrong
Sometimes it's too much to leave your comforts
But remember what's in the past is gone
And yesterday is just a song

I've stopped overthinking what's been said
Everyone's got troubles of their own
Sometimes it's too much but I don't stop living
Good or bad, there's not much there that's real
And yesterday is no big deal

Time runs and passes
Good times come in flashes
Sadness seeps in slow
Weighs you down, gets in your bones
But nothing's as it seems
And you'll never know what is
But you can change a feeling
In a moment just like this

Here we are today
Tonight's in view
Wanting more than this feels like wrong
But you know I'm still greedy
I'll always be this way
First I grasp a moment, then it's gone
And yesterday is just a song
