

Back Against the Wall

Riff Raff

Gotta get it off my chest
With my back against the wall
What the fuck do you expect?
I don't care about the rest
All I care about is cash
What the fuck do you expect?

Gotta get it off my chest
With my back against the wall
What the fuck do you expect?
I don't care about the rest
All I care about is cash
What the fuck do you expect?

Wall, wall
Back against the wall
Wall, back against the wall

They say patience is a virtue, yeah, it's all comin'
I say I'ma hit the finish line still runnin'
Started from the bottom and I had nothin'
Now I'm flexin' on 'em like they on somethin', yeah yeah

They don't wanna see us win
Makin' all this cash, it don't never end
Diamond bezel Rollie symbol on my watch, yeah
I'm peelin' all these foreigners off the lot, yeah
Motherfucker let me tell you somethin'
If you slipped on me yeah I'm comin' for ya
Blue faced hundreds fallin' out my pocket
Laughin' at me now but I'm never stoppin'

Gotta get it off my chest
With my back against the wall
What the fuck do you expect?
I don't care about the rest
All I care about is cash
What the fuck do you expect?

Gotta get it off my chest
With my back against the wall
What the fuck do you expect?
I don't care about the rest
All I care about is cash
What the fuck do you expect?

Wall, wall
Back against the wall
Wall, back against the wall

I don't care about the rest
All I care about is checks
Diamonds dancin' on my neck
Whole body soakin' wet
I used to stand out the locked doors
I done made it to the top floor
And I must be thankful for it

But now a nigga got a lot more
I done made it out to Hollywood
But never act too Hollywood
All my niggas in old hood
Say I'm proof that God is good
Keep my back against the wall
Steady screamin' for the law
I'm not human, I've evolved
Ballin' out with no ball

Lately I've been on my shit
I'm wildin' out like Nick
All these bitches on my dick
Boy a nigga feel rich
Gucci game on my kicks
Bust down on my wrist
Touch down on wrist
THC in my piss

Big do, big dog, I am
Most niggas I can't understand
We friends but not on the fam
Holla at me, nos pam
Water break, no dam
I like my hoes with no plans
Peanut butter, no jam

Gotta get it off my chest
With my back against the wall
What the fuck do you expect?
I don't care about the rest
All I care about is cash
What the fuck do you expect?

Gotta get it off my chest
With my back against the wall
What the fuck do you expect?
I don't care about the rest
All I care about is cash
What the fuck do you expect?

Wall, wall
Back against the wall
Wall, back against the wall
