

## Cool Shit

Riff Raff

Riff, yeah  
It's Riff  
I just did some cool shit  
I just did some cool shit  
And my car a cool whip  
And my car

I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
I just did some cool shit

I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
I just, I just did some cool shit

You a Instagram, hater  
I just glossed a navigator  
I'm in Austin stackin' paper ballin' with my paper chasers  
But you still ain't me  
And you ain't my pedigree  
And we ain't the same breed  
My wrist costs like forty G's  
I can't have no girlfriend  
They don't never understand  
And I'm ballin', stackin' grass  
Pull you like a rubber band  
I just reset my roster, bitch, you better speak proper  
Bitch, I pull up at the opera in Versace helicopter

I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
I just did some cool shit

I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
I just, I just did some cool shit

I guess it was kinda cool  
Side chick that I knew back in middle school  
She ain't know what the brick on the kettle do  
Till she got a little wet like a kitty pool  
And Mr. T, but yet I still pity fools  
No roof, I cruise through the city views  
Obtuse I move with the Riff Raff  
Fresh ass swole, yeah, we been bad

Zig zags in the drop Jag  
Rock glass, all cash  
Yeah, we pop tags  
Too fast, I just push past  
Two hand clap pop pass  
New era, I'ma snap back  
Click clack with the pen pad  
Pen pals with my grandad  
Damn, 'nough said  
I'ma shine like a leather shoe tip  
Call cool kid  
I'm a cool shit

I don't think you should compare your ass to me  
I've been all around the world internationally  
I'm a cool kid  
Yes, as cool as can be  
I do cool shit  
They call me BMFB

I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
I just did some cool shit

I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
And my car a cool whip  
I just did some cool shit  
I just, I just did some cool shit

It's Riff
