Big rocks fill my Rolex watch
And it's filled with dots
Polka dots, green goblin drop
Emeralds on the top
Triple chains, 30 diamonds rangs
Left them on the plane
Private plane, leave the motor runnin'
I'll be be right back mayne
Tip the pilot, teeth are ultra violet
Gucci frames on eyelids
Need shade and Versace fade
Butterscotch babe
Marmalade now I'm David Spade
Diamonds on my braids
She in the back now she on my lap
Smoking loud pack
