

# Do It All

Riff Raff

I'ma do it all for a check  
I got all this cash, I don't need your respect  
I'ma do it all for a check  
If you disrespect then it's off with your neck

If you disrespect then it's off with your neck

Drop the clutch and mash it down  
Louis belt designer goggles  
VIP, I'm poppin' bottles  
You see me, you don't want no problems  
I'm 'bout this life, I ain't lying  
Private jets when we be flying  
VVS all in my diamonds  
So that's what I just be shining

I hit the mall, blow the check, bitch I'm a baller, finesse  
I put the coupe in a cress, chasing the bag, I'm obsessed  
I'm twenty five getting rich, new forty one on my wrist  
Mixing it up, make a twist, then it's gon' sell like a diss  
I got drink in my cup, sorry to say man I'm up  
Contemplate on them bucks, Gucci signs on my stuff  
Doing a limb and fuck a trooper, I got bricks, I'm in a Uber  
Bitch, I came up from the sewer, stand and point when I maneuver  
Rose gold, yellow gold, straight money, you don't fold  
Stack it up until I'm old, put the pyrex on the stove  
I put miles on that road, all them times that I done drove  
Rose gold, yellow gold, put the pyrex on the stove

I'ma do it all for a check  
I got all this cash, I don't need your respect  
I'ma do it all for a check

I'm talking molly, percocets, percocets  
Got her head on my lap while I'm speeding in the Vette  
She gon' do whatever for the set  
All this water on my wrist, diamonds dripping on my neck  
She just text me like, where the fuck you been?  
Bitch I'm getting rich, this two hundred bricks, ooh  
I don't know her name, plus I fucker her friend, ooh  
I go Ric Flair in the pussy like (woo)  
You's a pussy nigga, show me some respect  
He official with that whistle, that's a tech  
All these blue hunnids on the floor look like a mess  
I should be dicing, told them niggas place your bets

I'ma do it all for a check  
I got all this cash, I don't need your respect  
I'ma do it all for a check  
If you disrespect then it's off with your neck

Roll up, drink Corona  
Uh, roll up a blunt with my high school diploma  
I seasoned a curb and it turned into dust  
I laugh at a hater for flipping a bus  
It was a school bus, it was a Tuesday  
Look at your jewelry, why do your rubies look like Twizzlers dipped into Sprite?  
Maserati mountain bike, now I'm in Asia sippin' on purple potion  
It was the purple palace, uh, now it's the codeine castle

I'ma do it all for a check  
I got all this cash, I don't need your respect  
I'ma do it all for a check  
If you disrespect then it's off with your neck  
I'ma do it all for a check  
I got all this cash, I don't need your respect  
I'ma do it all for a check  
If you disrespect then it's off with your neck
