

Downer

Riff Raff

Oh oh oh Lord

Shorty said I'm high, yeah I need a downer
Hundred dollar bill runnin' through the money counter
Shorty said I'm high, yeah yeah I need a downer
Hundred dollar bill runnin' through the money counter
Shorty said man I'm high, yeah I need a downer
Hundred dollar bill runnin' through the money counter
Short said I'm hard to find, yeah I think I found her
Hundred dollar bill runnin' through the money counter

Ay, I got so much money I don't know what I should do
Ay, bitch your car is used, I bought my Ferrari new
Ay, all these other dudes, they seem to have a lot to prove
Ay, but they just talkin', oh I know that they ain't got the juice

Ay, bitch you can't fuck with me, I am unstoppable
I live my life in the luxury, yuh
Look at my whip, yellow and black
My baby she call it the bumblebee
Bitch I'm the shit, all of y'all whack
Your career dead as a tumbleweed
If I blow me a rack I'ma make it right back
You know we got fields of money trees, hey

Shorty said I'm high, yeah I need a downer
Hundred dollar bill runnin' through the money counter
Shorty said I'm high, yeah yeah I need a downer
Hundred dollar bill runnin' through the money counter

Way it never scores
Diamonds on my throat
Chain damn near choked
Can't never go broke
TV show host
Ask for my advice
Serve all my friends toast
Syrup in my slice
That's the next move
Jump in my jacuzz
Cool blue jewels
Bubble gum blues
Pink pie, throw a
Rolex up my arm
Crowning like Igor
Floating like a swan

Shorty said I'm high, yeah I need a downer
Hundred dollar bill runnin' through the money counter
Shorty said I'm high, yeah yeah I need a downer
Hundred dollar bill runnin' through the money counter
Shorty said man I'm high, yeah I need a downer
Hundred dollar bill runnin' through the money counter

Short said I'm hard to find, yeah I think I found her
Hundred dollar bill runnin' through the money counter

Kawasaki speeding green and purple
Leaning rockstar shit thought a nigga junior
Fuckin your daughter, she screaming uh
The way that she ride it I couldn't believe it, yuh
Money counter, jogging through 'bout hundred thousand
I make it rain so you in with my season
Car came with stars and I brought in a reason

Okay to defeat
Put love in a van and a score in our wheat
She wanna eat me say bon appetit
Tahito give me visa muggers and reefs
Skate on a beat
Gotta talk down what she taught me off in the front seat
Can't believe that she bae, I'm weak
So much money I could maybe see the rain on me

Shorty said I'm high, yeah I need a downer
Hundred dollar bill runnin' through the money counter
Shorty said I'm high, yeah yeah I need a downer
Hundred dollar bill runnin' through the money counter
